Your suggestions regarding conducting semester examinations and the reopening of the next academic year 2020-21.

22 responses

Hence the condition is not good in country , colleges are the main stream where huge crowd will be gathered. In order to avoid spreading of virus it is suggested to reopen the academic year.

Examinations have to be conducted only after full preparation. Academic year 2020-21 must be postponed to 3 or 5 months.

ತುಂಬಾ ಎಚ್ಚರಿಕೆಯಿಂದ ನಿರ್ಣಯ ತೆಗೆದುಕೊಳ್ಳಿ.

Yes surely conduct examinations in July and August and reopening of the next academic year 2020-21 in the month of September. Request you to conduct examinations for all 2nd, 4th, 6th semester students.

College can be reopened taking precautionary measures. Education is important

Conduct regular classes for the final year students in the month of July and exam in August
